## SUMMARY

Full Stack MERN Developer skilled in building scalable and production-ready applications using React, Node.js, Express, and MongoDB. Experienced with authentication (JWT), Stripe payments, REST API development, and modern deployment (Vercel/Render). Strong foundation in JavaScript, clean architecture, and real-world project implementation including a complete hotel booking system with real-time availability and secure payments.

## TECHNICAL SKILLS

- Frontend: React.js, JavaScript (ES6+), HTML, CSS, Bootstrap, Tailwind CSS
- Backend: Node.js, Express.js
- Databases: MongoDB, Mongoose, MySQL
- Tools and DevOps: Git, GitHub, VS Code, Postman, Vercel, Render, MongoDB Atlas, Cloudinary
- Programming: Java, Python (Basics)

## PROJECTS

### Hotel Booking Platform (MERN, Stripe)

Live: <https://roomify-roan-eight.vercel.app>

GitHub: [github.com/Harshitdongarwar2528/MernHotelProject](https://github.com/Harshitdongarwar2528/MernHotelProject)

- Developed a full-stack hotel booking system with real-time room availability, secure payments, and admin dashboard.
- Designed booking conflict logic using MongoDB atomic queries to prevent double-booking.
- Implemented secure auth (JWT + bcrypt), protected routes, and role-based access.
- Created responsive UI with Tailwind CSS, room filters, date pickers, and a booking management dashboard.

### AI Drag & Drop Todo App — React + Gemini API

GitHub: [github.com/Harshitdongarwar2528/TaskFlow-Todo-Manager](https://github.com/Harshitdongarwar2528/TaskFlow-Todo-Manager)

- Integrated drag-and-drop task management with advanced state handling.
- Added AI-powered task summarization using Gemini/OpenAI API.
- Built clean UI with task categories, priority, and persistent storage.

## EXPERIENCE

Software Engineering Intern — Palak Infotech, Nagpur | Aug 2024 – Sep 2024

- Developed full-stack features using React, Node.js, Express, and MongoDB.
- Built authentication and protected APIs using JWT + bcrypt.
- Designed REST APIs with proper validations and database optimization.
- Improved API performance by refining MongoDB queries and indexing.

## EDUCATION

B. Tech in Industrial IOT | 2025

Priyadarshini College of Engineering, Nagpur, Maharashtra (RTMNU)

Percentage: 76.50%

## ACHIEVEMENTS

- NPTEL Online Certification : Introduction to Machine Learning (Jul-Sep 2023)  
Certificate No: NPTEL23CS87S45021995
- Awarded 1<sup>st</sup> Prize in a guitar and vocal performance competition at the Ashwamedh Cultural Fest (2023)
